

## THE PROVINCIAL COURT OF NEWFOUNDLAND AND LABRADOR

### MEDIA RELEASE

ISSUED: JUNE 27, 2020

#### WHAT YOU NEED TO KNOW BEFORE COMING TO COURT

To help control the spread of COVID-19, please **do not come** to Provincial Court if you:

- Have returned from outside the Province within the last 14 days.
- Currently have symptoms of COVID-19.
- Have been exposed to a person who has tested positive for COVID-19.

#### Signs and Symptoms of Illness

The most common symptoms of COVID-19 include:

- Fever (or signs of a fever, including chills, sweats, muscle aches, lightheadedness)
- Cough
- Headache
- Sore throat
- Painful swallowing
- Runny nose
- Diarrhea
- Loss of sense of smell or taste
- Unexplained loss of appetite

OR

- Small red or purple spots on your hands and/or feet.

The severity of symptoms can range from mild to severe. Current information suggests that most cases are not severe nor do they require hospitalization.

#### How to Find Your New Court Date

Before coming to Court, please check the Provincial Court Docket webpage to confirm your new Court date.

- Please visit <https://docket.court.nl.ca/> and click the Schedule which applies to you, i.e., St. John's, Gander, Corner Brook, and so on.
- When you find your new Court date, confirm this is your Court date by searching this date and looking for your name using the online Docket at the bottom of the webpage.
- If you cannot find your new Court date, please call your local Court Centre.
- If you have a matter scheduled for Happy Valley-Goose Bay Provincial Court or Wabush Provincial Court, please call (709) 896-7870.

#### If you have an enquiry regarding attendance, please call ahead using the numbers below:

St. John's	(709) 729-1539
Harbour Grace	(709) 596-6141
Grand Bank	(709) 832-1450
Clarenville	(709) 466-2635
Gander	(709) 256-1100
Grand Falls-Windsor	(709) 292-4212
Corner Brook	(709) 637-2323
Stephenville	(709) 643-2966
Happy Valley-Goose Bay	(709) 896-7870
Wabush	(709) 282-6617

### What to Expect When you Arrive at Court

- Before being granted access to a Court centre, you will be required to answer a COVID-19 questionnaire about travel, symptoms and possible exposure to COVID-19.
- Please note that some Court centre doors will be locked and you may need to wait to be served.
- Once granted access, you will be required to wear a mask. If you did not bring a mask, a disposable mask will be provided. Please ensure you use hand sanitizer before touching this mask and use hand sanitizer again after you put on your mask. Hand sanitizer will be provided. Instructions on how to properly put on and take off a mask can be found at <https://www.youtube.com/watch?v=4cwuN03zKK8&feature=youtu.be>, attached to this document and will be posted at the Court centre.
- Standing and sitting markers have been strategically placed throughout public spaces. Where no markers exist, please maintain six feet of distance between yourself and all other persons in the Court centre.
- When your matter is finished, please exit the Court centre following signage. Please do not remain at the Court centre unnecessarily.
- Water jugs will not be available while you are inside a courtroom. If you are a witness, providing testimony, etc., and you require water, please ask for water and it will be provided.

### St. John's Plea Day – Change of Venue

Please be advised that commencing July 2, 2020, Plea Day (normally held in Courtroom #5), will be heard on the 3<sup>rd</sup> floor of the Beothuck Building, located at 20 Crosbie Place, St. John's, for mornings only. If you have an afternoon appearance scheduled in Courtroom #5, you will appear in Courtroom #5 in Atlantic Place in the afternoon.

### Swearing-in/Affirmation of Witnesses

Witness will be directed to not touch or hold the item for swearing-in/affirmation, i.e., Bible, Eagle Feather, and so on. A Court Officer will perform this task from their workstation.

### Safe Handling of Exhibits Protocol

If you are asked to examine an exhibit, please do so safely by using hand sanitizer before and after touching an exhibit. A Safe Handling of Exhibit protocol will be posted in the courtroom.

# CLOTH MASKS

## INFORMATION AND INSTRUCTIONS FOR USE AND CLEANING

MAY 2020

### How can I help prevent the spread of COVID-19?

- 1** Keep a distance of at least 2 metres from people outside of your bubble.
- 2** Wash your hands frequently with soap and water, for at least 20 seconds.
- 3** Avoid touching your face, particularly your eyes, nose, and mouth.
- 4** Sneeze and cough into your elbow.
- 5** Avoid going to public spaces as much as you can. Try to go out at most once a week for groceries, etc. Use delivery services if available.
- 6** Do not go out if you are feeling sick.
- 7** Wear a cloth mask if you must go out to public spaces where there are crowds or line-ups, or anywhere it is difficult to stay at least 2 metres away from other people.
- 8** Do not use medical/hospital masks. These are in short supply and should be saved for healthcare workers so they can help you if you become sick.

### Washing directions:

Wash your mask **before** you use it for the first time, **after** each use, and if it becomes **damp**.

Use hot water and regular laundry detergent.

Use a washing machine, or wash by hand.  
You can wash it with other items.

Dry completely. Either in dryer or air dry.

*What does a cloth mask do?*

- Helps stop your germs from being spread to other people and onto other surfaces.
- Helps remind you not to touch your nose, mouth and eyes.

*Cloth masks do not prevent germs from getting to you.*

### Who should not wear masks?

- Children under 2
- Anyone with difficulty breathing
- Anyone that is unconscious or who can't remove their own mask

*Do not share masks with others.*

## How do I put it on?

1

## How do I take it off?

Wash your hands thoroughly with soap and water, for at least 20 seconds.

- 2** Hold the mask by the upper ties, and place completely covering your nose and mouth.

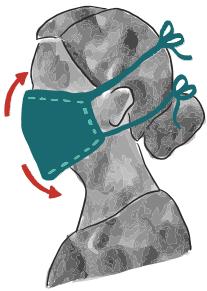

- 3** The upper ties should go above your ears, to the back of your head.

Tie upper ties snugly so your nose is completely covered.

- 4** Now, pull the lower ties to the back of your head. Your mouth and chin should be entirely covered.

Tie lower ties snugly at the back of your head.

- 5** There should be no gaps between the mask and your face. It should be comfortable and you should be able to breathe easily.

- 2** Only touch the ties at the back. Do not touch the cloth covering part of the mask.

- 3** Untie bottom tie.

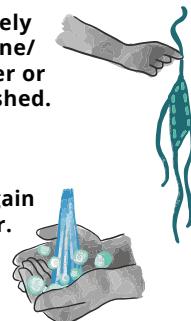

- 4** Untie top tie.

- 5** Put mask immediately into washing machine/basin or into hamper or bag that can be washed.

- 6** Wash your hands again with soap and water.

**While  
wearing a  
mask...**

*Put it on BEFORE you leave and only remove it when you RETURN home.*

- **Do not touch the mask** once it is on. There may be germs on your mask, and you also want to avoid bringing germs to the mask.
- **Avoid touching** your eyes and face
- **Do not adjust** your mask to expose nose or mouth.

# HOW TO SAFELY USE A NON-MEDICAL MASK OR FACE COVERING

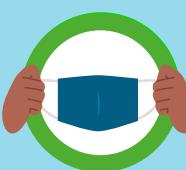

## DO'S

**DO** wear a non-medical mask or face covering to protect others.

**DO** ensure the mask is made of at least two layers of tightly woven fabric.

**DO** inspect the mask for tears or holes.

**DO** ensure the mask or face covering is clean and dry.

**DO** wash your hands or use alcohol-based hand sanitizer before and after touching the mask or face covering.

**DO** use the ear loops or ties to put on and remove the mask.

**DO** ensure your nose and mouth are fully covered.

**DO** replace and launder your mask whenever it becomes damp or dirty.

**DO** wash your mask with hot, soapy water and let it dry completely before wearing it again.

**DO** store reusable masks in a clean paper bag until you wear it again.

**DO** discard masks that cannot be washed in a plastic-lined garbage bin after use.

## DON'TS

**DON'T** reuse masks that are moist, dirty or damaged.

**DON'T** wear a loose mask.

**DON'T** touch the mask while wearing it.

**DON'T** remove the mask to talk to someone.

**DON'T** hang the mask from your neck or ears.

**DON'T** share your mask.

**DON'T** leave your used mask within the reach of others.

## DO YOUR PART.

Wear a non-medical mask or face covering to protect others when you can't maintain a 2-metre distance.

### NON-MEDICAL MASKS ARE NOT RECOMMENDED FOR:

- People who suffer from an illness or disabilities that make it difficult to put on or take off a mask
- Those who have difficulty breathing
- Children under the age of 2

### DON'T JUDGE OTHERS FOR NOT WEARING A MASK.

Kindness is important as some people may not be able to wear a mask or face covering.

**REMEMBER**, wearing a non-medical mask or face covering alone will not prevent the spread of COVID-19. You must also wash your hands often, practise physical distancing and stay home if you are sick.

# UTILISATION SÛRE D'UN MASQUE NON MÉDICAL OU D'UN COUVRE-VISAGE

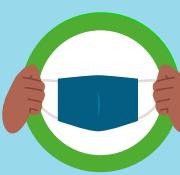

## À FAIRE

**PORTEZ** un masque non médical ou un couvre-visage pour protéger les autres.

**ASSUREZ-VOUS** que le masque est constitué d'au moins deux couches de tissu tissé serré.

**INSPECTEZ** le masque pour voir s'il y a des déchirures ou des trous.

**ASSUREZ-VOUS** que le masque ou le couvre-visage est propre et sec.

**LAVEZ-VOUS** les mains ou utilisez un désinfectant pour les mains à base d'alcool avant de toucher votre masque ou votre couvre visage, et après l'avoir fait.

**TOUCHEZ** uniquement les attaches qui passent derrière les oreilles ou la tête pour enfiler et retirer le masque.

**ASSUREZ-VOUS** que votre nez et votre bouche sont entièrement couverts.

**REPLACEZ** et lavez votre masque s'il devient humide ou souillé.

**LAVEZ** votre masque à l'eau chaude savonneuse et laissez-le sécher complètement avant de le porter de nouveau.

**ENTREPOSEZ** vos masques réutilisables dans un sac en papier propre jusqu'à ce que vous les portiez de nouveau.

**JETEZ** les masques non lavables dans une poubelle doublée d'un sac de plastique après utilisation.

## FAITES VOTRE PART

Portez un masque non médical ou un couvre-visage pour protéger les autres lorsque vous ne pouvez pas maintenir une distance de 2 mètres.

### LES MASQUES NON MÉDICAUX NE SONT PAS RECOMMANDÉS POUR:

- les personnes atteintes d'une maladie ou d'un handicap qui complique le port ou le retrait d'un masque;
- les personnes qui ont des problèmes respiratoires;
- les enfants de moins de deux ans.

### NE JUGEZ PAS CEUX QUI NE PORTENT PAS DE MASQUE.

La gentillesse est de mise, car certaines personnes ne peuvent pas porter de masque ou de couvre-visage.

## À ÉVITER

**NE RÉUTILISEZ PAS** les masques qui sont humides, sales ou endommagés.

**NE PORTEZ PAS** un masque trop ample.

**NE TOUCHEZ PAS** le masque lorsque vous le portez.

**N'ENLEVEZ PAS** votre masque pour parler à quelqu'un.

**NE LAISSEZ PAS** le masque pendre à votre cou ou à vos oreilles.

**NE PRÊTEZ PAS** votre masque.

**NE LAISSEZ PAS** un masque usagé à la portée des autres.

N'oubliez pas que le seul fait de porter un masque non médical ou un couvre-visage n'empêchera pas la propagation de la COVID-19. Vous devez également vous laver souvent les mains, maintenir une distance physique avec les autres et rester à la maison si vous êtes malade.
